Project 90

This is the time the parishioners can come together to do something for the Village in a 90 minute period on one Saturday in the month.

Last month saw a Memorial Bench placed in Forge Common for the benefit of those who use this lovely part of the Village. Congratulations to Ken who decided to collect 30 small bottles of vodka dropped in the Village!

If you could spare an hour or so on Saturday 16th November starting at 8.30am in the Village Hall Car Park it would be greatly appreciated. Afterwards share a cup of tea and if you are lucky a slice of cake.

Parish Council

I Am A Tulip What Are You?

Very intriguing title for the next WI meeting. The speaker is Jacqueline Aviolet and all will be explained on Wednesday 6th November.

During the last month we had a very good 'health day' when speakers from the Royal College of Surgeons covered subjects on bowel cancer and transplants. It's amazing how many different parts of the body can be used in helping others. Two ladies from Medway Asthma Self Help (MASH) group and TB Alert passed on lots of useful information.

Two members enjoyed a Personality Lunch in Lenham, when a superb 3 course meal was enjoyed by all, followed by Martin Gurdon who has had books published on his experiences with chickens. Needless to say he was very funny.

The meeting starts at 7:30 in the Memorial Hall on the 6th. Visitors pay just £1:50 for an entertaining evening. You may even find out what you are!!

Quizathon

Wow!! What a night. It was so good to see so many people there for this event. £440 was raised towards Phase Three of the refurbishment programme for the Hall. The next phase will be a new kitchen, stairs for upstairs, new back wall as well as a new main entrance. It was great for so many to take the opportunity to thank one of our Funders from Kent Downs and Marshes Leader Programme (RDPE). Thanks to all those who came and once again to Margaret, Lesley and John for running the event

Responsible Parking

Complaints have been received by the Parish Council on the number of cars parked on the kerb, or irresponsibly parked opposite turnings, side roads or on corners. Please make sure that your parked car is not causing an obstruction to other drivers or obstructing pedestrians on pathways. Medway Council is aware of the issue on the peninsula as a whole and are considering random patrols of the smart car to issue tickets. We would prefer no penalties are issued so the Parish Council is asking people to park properly in order to avoid the issues.

Friends of St Margaret's Church

We are pleased to announce that the Church have undertaken the first works partly funded by the Friends of St Margaret's with the pointing at the church carried out. It is really pleasing to see such a quick start to see monies released to carry out repairs.

Some of the standing orders so kindly completed by people have not all been actioned by the banks, which may be as a result of the form being too dark. What we will be doing shortly is to produce a letter to be sent to these banks which will have all the details completed again. It will be however necessary to ask people to sign these letters as authority to start these standing orders.

Please accept our apologies for the confusion and we will be in touch shortly to rectify this issue.

It is not too late to make a monthly donation. Details can be found at

Walking Doesn't Get Wetter Than That!

Nine hardy hikers turned out for our walk from Cliffe Woods despite the heavy rain and promise of worse to come, a promise that was very well fulfilled. However, everybody was dressed for the conditions and a change in route from the one planned through the woods because of the slippery woodland paths made for a safe, enjoyable and memorable 2 hours. We walked eastwards out from Cliffe Woods village initially on the roadway and then along the edge of the woods taking a detour up Lodge Hill to the now largely empty army camp. Most had not previously seen the training area for bomb-disposal or the Harrier-like plane that sits within the fenced-off area; this can all seem a bit spooky if you come across it unexpectedly from some of the paths through the woods. It was also easy for us to see the large expanse of land previously used by the army and now planned for the housing expansion of Chattenden - here's hoping the nightingales will continue to sing there on one of their most important sites in the UK. Going back down the hill we kept our distance from the enthusiasts of the woodland archery club and then took a route through the interesting and attractive hamlet of Spendiff and began our return through Cooling Street and Perry Hill in increasingly poor conditions. Most of us decided to dry out (well in one way) in a very welcome and well deserved visit to the Horseshoes and Castle at Cooling.

The November walk will be from Ightham Moat on SATURDAY 9th to avoid Remembrance Day on the Sunday. The start is from the National Trust car park at the Moat (TN15 0NT). This is £2 for parking (unless NT member) and is best reached by taking the A227 beyond Borough Green, shortly after which Ightham Moat is well sign-posted. From High Halstow it is about a 45minute drive. Once parked we will meet adjacent to the entrance to the Moat. The walk has some steep parts and can be slippery if wet so please wear suitable footwear. It is advisable to bring walking poles/sticks.

Please note if it is very wet in the week before the walk we may postpone this one and take one more suited to wet weather. So regular walkers should keep an eye on their email. Or if in doubt please contact Mitchell at mitch.dowsett@btopenworld.com or on 01634 254428.

Estuary Airport Proposals and 'Other Things'

Whilst we await the airports commission listing of airport proposals for the SouthEast at the end of 2013, readers may also like to be aware of the N.A.T.S. (National Air Traffic Services), London Airspace Consultation, which has recently commenced on the 15th October and runs until 21st January 2014. The consultation appears to include flight path changes above our area for London City and Southend Airports, and is open for comment on the website.

www.londonairspaceconsultation.co.uk

This consultation is the first stage in a wider programme of proposed changes to deliver the UK's Future Airspace Strategy (FAS), developed by the Civil Aviation Authority (CAA) with the support of the aviation industry. It will deliver significant benefits, including fuel savings for airlines, which will also mean fewer CO₂ emissions, and less noise overall for people living below.

Aircraft today use very accurate navigation technology and new European legislation requires all member States, including the UK, to revise airspace and maximise the use of these new technologies. Change is therefore inevitable and the focus of this consultation is on how best to enable that change.

After listening to feedback from previous consultations, this consultation is on swathes of airspace – not on proposed routes. The final route positions will only be determined after consideration of the feedback from the consultation.

The new design concept being implemented for this programme, making the most of new navigation capability, will also significantly reduce the use of conventional holds (or stacks), and put new route structures over the sea where possible.

The net effect of these proposals will be less noise – aircraft will climb higher, more quickly on departure and stay higher for longer on arrival. Flight paths will eventually change – and this may mean some areas will be overflown more than today, others less, and some will not notice any significant change.

For Gatwick routes, the consultation is being run jointly by NATS and Gatwick Airport, with Gatwick leading consultation on changes below 4,000ft, and NATS on changes above 7,000ft. Consultation on changes planned for airspace between 4,000 and 7,000ft will be managed jointly. NATS is leading the consultation on the intermediate and network airspace proposals for the other airports; London City is not yet in a position to proceed with low level change proposals, which will be subject to a future consultation.

Later stages will address proposals for airspace supporting other parts of the London airports network, to be complete by 2020.

The consultation is available online at www.londonairspaceconsultation.co.uk. The postcode search facility and clickable maps with consultation areas clearly marked makes it easy to see which proposed changes have the most relevance to a specific location. Feedback can be given directly on the website.

Christmas Tree Festival 2013

On December 14th the Village Hall doors will be open to the second Christmas Tree Festival in High Halstow

It is not too late to let us know if your group, family, business etc would like to put a tree in. All we are asking for is a donation of £3.50 per tree submitted.

Trees can be any size or shape, fresh or artificial; as far as decoration is concerned, the only limit is your imagination and afterwards your tree goes home with you for Christmas.

Trees can be decorated at the Hall or brought ready-decorated. Power is available for lights.

Trees should be brought to the Hall on Friday 13th December from 19.00 to 21.00 or Saturday 14th December from 9.00 to 12.00

Trees must be collected on either Saturday 14th December from 17.00 to 18.00 or Sunday 15th December from 9.30 to 11.00
