Dramarama

Welcome to this our 7th production and our 4th panto. After performing for three years, our cast list goes from strength to strength with old members returning and new ones joining.

Until I started writing the script, I had forgotten how scary the story of Snow White can be for youngsters. I hope not too many nightmares are suffered due to the production! (Sorry parents!!). A lot of the cast members would say that their fear is the Director/Producer! definitely more frightening than any 'mirror' on the wall, grown men have been known to quake in their shoes at the thought of having to excuse themselves from a rehearsal! Of course it is all hearsay!! everyone in Dramarama would admit we are a happy band of well-balanced citizens, led by a kind, caring and patient director! (I can't believe I'm typing this! - Ed)

Enjoy the panto and don't forget the next production - a Variety Show- will be held in July 2001.

All Proceeds from our donation buckets will go towards the refurbishment of 'this' hall.
