# DRAMARAMA

Welcome to Dramarama's 12th production and thank you for your continued support of our group.

All of us living here on the peninsula (& beyond) know what terrible anxious times we have endured regarding the proposal for an airport at Cliffe. One of our cast (Hazel Beringer) was moved to write an original song ("The Isle of Grain") expressing how the majority of people feel about the proposal. I have included the words of the song on a separate sheet to remind us all of what could be lost if this ludicrous plan goes ahead. All of us in Dramarama have supported & fought alongside the CLG (Campaign Liaison Group) & the RSPB to protest at the loss of our natural heritage. With the uncertainty & doubt within our communities at present, we have tried to make this show full of sparkle & humour that might lift your spirits for one evening at least!

Special thanks to George & Jane Crozer for their hospitality each week & many thanks to the ladies who made the refreshments for the performances and at rehearsals.
